AGENDA

1. GSA Updates
2. 2GSP Implementation Costs
 - a. Rate Study
 - b. Fee Structure Alternatives
 - c. Stakeholder Outreach
3. Roundtable Meeting Frequency
4. GSP Implementation MOU

HIGHLIGHTS

- GSAs are in the process of reviewing and approving resolutions for the Groundwater Sustainability Plan (GSP).
- The group discussed fee structure alternatives and a need for simplicity regarding fee implementation.
- Outreach surrounding fees must be carefully thought out to successfully inform the community and receive feedback about the fees.
- The Community Advisory Committee will meet on January 10, 2021, from 12:30 pm - 2:00 pm. GSA Collaborative members are encouraged to attend.

- GSAs will meet twice a month as they work on fees and implementation. The meeting frequency may decrease after the approval of the GSP.
- The group was encouraged to think about an implementation MOU and this will be a topic for discussion in the January GSA Collaborative Meeting and the February Roundtable Meeting.
