  - a. May 3<sup>rd</sup> VTH Update
  - b. Newsletters and other Outreach
6. Forecast GSA Roundtable Discussion for June 7<sup>th</sup> Meeting
7. Next Meeting-June 16<sup>th</sup> 1:00-3:00

## HIGHLIGHTS

1. GSA Updates: The respective GSAs are reviewing the Implementation MOU and presenting to their Boards for approval.
2. GSP Implementation - Charges: The Engineers Charge Report for the Solano GSA Prop 218 Process was approved at the May 12, 2022 Solano GSA Board meeting. Another will be held on June 29 to describe the Solano GSA proposal for collecting charges using a Prop 218 process. The Prop 218 notices will be mailed out during the last week of May. Other GSAs will use their respective funding mechanisms to cover their respective cost allocations
3. GSP Implementation - Memorandum of Understanding (MOU): The Implementation MOU for the Solano Subbasin GSAs mirrors the MOU for developing the GSP. It includes the charge table with costs averaged across the five-year period.
4. Well Permitting: Solano and Sacramento counties are developing approaches to comply with Section 9 of the Governor's Executive Order N-7-22. The goal is to minimize delays and costs associated with processing any well permit applications.
5. Stakeholder Engagement: The May 3, 2022 VTH involved 75 participants. The VTH focused on GSP implementation and funding requirements. The following resources - with information on charges and the Proposition 218 process were shared during the meeting:
  - [Frequently Asked Questions on funding](#)
  - [Charges Fact Sheet and schedule](#)
  - [Recording agenda and notes](#)
6. Another VTH will be conducted in June to provide additional information about the proposed charges.
